Save the Date - March 12, 2012

The celebration continues. They walked side by side!

This year, we are gratified to be showing "Brother Outsider", an award winning documentary film about the life and legacy of **Bayard Rustin** – the amazing African-American civil rights leader, devout Quaker, openly gay male and chief organizer of the historic 1963 March on Washington for jobs and freedom. Learning about the life of an iconic Quaker civil rights leader is timely, as we have just finished reading and having discussions about *A Quaker Book of Wisdom*
